

From pharmacogenetics to personalized cancer therapy
CRO-Aviano, December 14th 2009

Registration : 8.30-9.00

Welcome: 9.00-9.15

Session 1: 9.15-11.00

Pharmacogenetics & Public Health

Chairpersons:

Mark J Ratain - University of Chicago Medical Hospitals

Carlo Tomino - AIFA, Ministero della Salute

9.15-10.05

Mark J Ratain - University of Chicago Medical Hospitals

Pharmacogenomics: challenges and opportunities

10.05-10.25

Giuseppe Novelli - Univ. Di Roma Tor Vergata e PGWP EMEA London

The FDA and the EMEA Guidance for Industry and regulatory needs

10.25-10.45

Achille Caputi - Università degli Studi di Messina

Economic consequences of ADRs and potential impact of pharmacogenomics

Coffee break: 10.45 - 11.00

Session 2: 11.00-13.30

Individualizing cancer therapy

Chairpersons:

Tullio Giraldi – Università degli Studi di Trieste

Giuseppe Toffoli – Centro di Riferimento Oncologico, Aviano

11.00-11.20

Federico Innocenti - University of Chicago Medical Hospitals

Application of genome-wide technologies to identify novel candidate genes of treatment outcome

11.20-11.40

Giuseppe Toffoli – Centro di Riferimento Oncologico, Aviano

Pharmacogenetics for individualizing dosing: clinical utility.

11.40-12.00

Giulio Vittorio Scagliotti - Università di Torino
Pharmacogenetics a prognostic and predictive marker

12.00-12.20

Antonella Pirazzoli - GlaxoSmithKline Spa - Pharmaceuticals
Pharmacogenetics and future drug development and delivery

12.20-12.40

Michael Lahn – Ely Lilly

The Pharmacogenomic Relevance of Targeting Survivin In Cancer Patients: Lessons from a First in Human Dose (FHD) Study of the Survivin Antisense Oligonucleotide

12.40-13.00

Martin Potgeter – Qiagen

From bench to bedside: how new tools for pharmacogenetics/genomics improve clinical diagnosis

13.00-13.30 Round Table

(AIOM, SIF, AIFA)

Lunch 13.30-14-30

Session 3: 14.30-15.50

Integration of Pharmacogenomics in the Clinical practice 1

Chairpersons

Carlo Riccardi – Università degli Studi di Perugia

Giulio Vittorio Scagliotti - Università di Torino

14.30-14.50

Alan Barge- Astra Zeneca :

EGFR pharmacogenomics and gefitinib clinical development

14.30-14.50

Federico Cappuzzo - Istituto Clinico Humanitas

Pharmacogenomic markers of response to EGFR and Kras

14.50-15.10

Alfredo Budillon – Istituto Pascale, Napoli

Pharmacogenetics/omics of anti-angiogenetic drugs

15.10-15.30

Enrico Mini – Università degli Studi di Firenze

Pharmacogenetics of fluoropyrimidines and anti-folate therapy

15.30-15.50

Erika Cecchin – Centro di Riferimento Oncologico, Aviano
Genetic profiles of radiotherapy individualization

Coffee break: 15.50 – 16.00

Session 4: 16.00-17.20

Integration of Pharmacogenomics in the Clinical practice 2

Chairpersons

Fabio Puglisi – AIOM Friuli Venezia Giulia

Giampiero Fasola - Azienda Ospedaliera Santa Maria degli Angeli, Udine

16.0-16.20

to be defined

Genomics profiles for breast cancer treatment tailoring

16.20-16.40

Carmine Pinto - Policlinico Sant'Orsola –Malpighi

The Italian Project for the detection of KRAS-mutations in advanced colorectal cancer

16.40-17.00

Silvana Canevari – Istituto Nazionale Tumori Milano

Genomics profiles for ovarian Cancer treatment tailoring

17.00-17.20

Roberta Bertorelle – Istituto Oncologico Veneto

The role of pharmacogenetic profiling in the GIST treatment

AFFILIATIONS

Alan Barge

VP Clinical Oncology

AstraZeneca U.K.

Alfredo Budillon

Director of Experimental Pharmacology Unit

Fondazione G. Pascale -Istituto Nazionale Tumori- Napoli

Roberta Bertorelle

Oncological Molecular Diagnostic Immunology

Istituto Oncologico Veneto

Padova

Silvana Canevari
Head, Unit of Molecular Therapies
Experimental Oncology Department
Istituto Nazionale dei Tumori
Milan

Achille Patrizio Caputi
President of Italian Society of Pharmacology (SIF)
Director of Clinical and Experimental Department of Medicine and Pharmacology
University of Messina

Federico Cappuzzo
Medical Oncology
Istituto Clinico Humanitas
Milan

Erika Cecchin
Experimental and Clinical Pharmacology
CRO- National Cancer Institute
Aviano (PN)

Giampiero Fasola
Director Medical Oncology
Azienda Ospedaliera Santa Maria degli Angeli, Udine

Tullio Girdali
Professor of Pharmacology
Faculty of Medicine
University of Trieste

Federico Innocenti
Section of Hematology / Oncology Assistant Professor of Medicine
Department of Medicine, Cancer Research Center,
Committee on Pharmacology and Pharmacogenomics,
The University of Chicago, Chicago, IL

Michael Lahn
Medical advisor, Program Phase Oncology
Lilly GmbH
Bad Homburg, Germany

Enrico Mini
Department of preclinical & clinical pharmacology
Operative unit of pharmacology and clinical chemotherapy service
University of Florence

Giuseppe Novelli
Director of Medical Genetics Laboratory
Tor Vergata University Rome
PGWP EMEA London

Carmine Pinto
Director of Medical oncology
Azienda Ospedaliera University
Trieste

Antonella Pirazzoli
Director of Pharmacogenetics and Clinic Genetics
GlaxoSmithKline Spa – Pharmaceuticals - Verona

Martin Potgeter
Director Corporate Business Development
QIAGEN GmbH
Hilden, Germany

Fabio Puglisi
Clinical Oncology- Breast Unit
University of Udine

Mark J Ratain
Leon O. Jacobson Professor of Medicine
Chairman, Committee on Clinical Pharmacology and Pharmacogenomics
Associate Director for Clinical Sciences, Cancer Research Center
The University of Chicago, Chicago, IL

Carlo Riccardi
Elect President of Italian Society of Pharmacology
Professor of Pharmacology - Faculty of Medicine
University of Perugia

Giulio Vittorio Scagliotti
Faculty of Medicine San Luigi Gonzaga-University of Turin
Director of Department of Lung Oncology
Azienda Ospedaliera S. Luigi – Orbassano (TO)

Carlo Tomino
Head of Clinical Trial
Italian Medicines Agency
Rome

Giuseppe Toffoli
Director Experimental and Clinical Pharmacology Unit

CRO- National Cancer Institute
Aviano (PN)

Presidente del convegno:

Giuseppe Toffoli

Comitato scientifico o comitato organizzatore:

Giuseppe Toffoli (CRO-Aviano)
Tullio Girdali (SIF- Friuli Venezia Giulia)
Federico Innocenti (The University of Chicago)

Segreteria scientifica:

Erika Cecchin

Altri?

SOC Farmacologia Sperimentale e Clinica
Centro di Riferimento Oncologico
Sede: via F. Gallini, 2 - 33081 Aviano (PN)
