

1st INTERNATIONAL MICHELANGELO CONFERENCE
Promises and challenges of developing new drugs in oncology

JUNE 30th 2011

14.30 – 15.00 Welcome addresses

15.00 – 16.00 Main lecture on "Agents targeted to receptors of epidermal growth factor"
N. Rosen, New York, NY, USA

16.00 – 18.00 G. Bonadonna Award: project presentations by three selected Authors

JULY 1st 2011

09.30 – 09.50 Antiangiogenic agents
J.P. Armand, Toulouse, France

09.50 – 10.10 HER2 targeting agents
G. Tortora, Verona, Italy

10.30 – 10.50 B-Raf inhibitors , MEK inhibitors
J. Engelman, Boston, MA, USA

10.50 – 11.20 *Coffee break*

11.20– 11.40 PARP (Poly ADP Ribose Polymerase) inhibitors
H. Calvert, London, UK

11.40 – 12.00 PI3K (Phosphoinositide 3-kinase) pathway inhibitors
A.M. Gonzalez-Angulo, Houston, TX, USA

12.00– 12.20 cMET proto-oncogene targeting agents
G. Blumenschein, Houston, TX, USA

12.20 – 13.20 *Lunch*

13.20 – 14.20 Main Lecture on "Clinical application of new drugs"
L. Gianni, Milan, Italy

14.20 – 15.00 Gianni Bonadonna Prize: the winner's Ceremony
