Required patronage

1st day, November 9th 2012

- 8,30 Registration
- 9,00 Welcome from Authorities
- 9,30 Introduction
O. Nappi and S. Senatore

1st Session - Melanocytic neoplasms: is H&E still the golden standard?

Chairmen: *M. Congedo, E. Giardina, P. Leocata*

- 10,00 The "dichotomic" diagnostic approach to melanocytic lesions
H. Kittler
- 10,15 Advanced IHC: one stain, one diagnosis?
C. Clemente
- 10,30 "Weighting" molecular techniques
G. Ferrara
- 10,45 B-RAF mutations and targeted therapy
P. Ascierto

Coffee break

2nd Session - Medicolegal concerns in dermatopathology

Chairmen: *E. Colosimo, A. D'Amuri, R. Filotico*

- 11,30 How to build a clinicopathological bridge?
G. Borroni
- 11,45 How to avoid litigation
A. Tortorella
- 12,00 Quality control as a new standard of care?
A. Perasole
- 12,15 Ethical considerations and guidelines for expert reporting
B. Begliomini
- 12,30 Discussion

Lunch

3rd Session - Dermatopathology: never the ivory tower

Chairmen: *M. Criscuolo, G. Borroni, E. Sbano*

- 15,00 Biopsy role in Dermatopathology
C. Tomasini
- 15,15 Clinicopathologic correlation in immunobullous diseases
R. Gianotti
- 15,30 Psoriasis: clinical features
P. Broganelli
- 15,45 Psoriasis: histopathological concerns
F. Rongioletti

Coffee break

4th Session - Cutaneous lymphoproliferative disorders

Chairmen: *O. Nappi, N. Pimpinelli, G. Quarta*

- 16,30 Mycosis fungoides
C. Cota

Program

- 16,45 Cutaneous T cell lymphomas
M. Santucci
- 17,00 Rare clinico-pathologic lymphomas
E. Berti
- 17,15 Cutaneous B cell lymphomas
M. Paulli
- 17,30 Selecting the appropriate therapy
N. Pimpinelli
- 17,45 Discussion

2nd day, November 10th 2012

5th Session - Up to date in molecular pathology about other tumors

Chairmen: *C. D. Inchingolo, G. Quarta, L. Resta*

- 9,00 KRAS significance in colorectal cancer
F. Giuliani
- 9,15 Neuroendocrine cancers of the skin
M. Lentini
- 9,30 EGFR gene mutations in non-small cell lung cancer: from bench to bedside
A. M. Catino
- 9,45 ALK gene rearrangement in non-small cell lung cancer
P. Somma
- 10,00 New drugs in personalizing therapy for lung cancer
C. Scavelli
- 10,15 A new oncoprotein marker in cervical cancer: diagnosis and management
G. Crisman

Coffee break

6th Session - Up to date in molecular pathology about other tumors

Chairmen: *E. D'Ambrosio, P. Micheli, S. Senatore*

- 11,00 Histopathology role in patients selection for targeted therapies
L. Resta
- 11,15 New biomolecular approach in triple negative breast cancer
L. Paoletti
- 11,30 MicroRNA and lymphomas: up to date
G. Crisman
- 11,45 Targeted therapies in Uro-pathology
P. Bufo
- 12,00 Molecular pathology: our experience
A. D'Amuri, S. Senatore
- 12,15 Round table: **It's Time To Change!**
G. Borroni, M. Congedo, G. Crisman, A. D'Amuri, G. Ferrara, P. Leocata, O. Nappi, N. Pimpinelli, L. Resta, S. Senatore
- 12,45 Discussion and conclusions
- 13,00 Final evaluation test
